Green Building for Building Professionals

May 21, 2009

Business Management for Building Professionals

Get Your National Certification!

This designation for building professionals discusses strategies for incorporating green-building principles into homes without driving up the cost of construction. You will learn how green homes provide buyers lower maintenance, better indoor air quality and better long-term value. Techniques are also discussed for competitively differentiating your home products with increased indoor environmental quality as well as energy and resource efficiency.

Graduates will be able to:

- Locate & design green building development sites.
- Control moisture and durability for each component of the building envelope effectively.
- Resource-efficient materials to achieve comfortable, safe and sustainable buildings.
- Strategize ways to meet, exceed and verify green building energy efficiency requirements.
- Achieve indoor air quality
- And much more!

How Do I Get My CGP?

To earn the CGP designation you are required to:

- Complete and pass NAHB's Green Building for Building Professionals (2 day course) **AND**
- Complete and pass NAHB's Business Management for Building Professionals (1 day course)
- Have a minimum of 2 years of building industry experience
- Upon completion of both courses, submit a signed copy of the CGP Code of Ethics and the CGP graduation application along with a graduation fee of \$145 (NAHB members) / \$245 (non-members)

*To maintain your CGP designation you must 1) Complete twelve (12) hours of continuing education every three (3) years. A minimum of six (6) hours is required to come from the NAHB University of Housing educational activities. A minimum of eight (8) hours is required to come from green building industry related educational activities; 2) Pay an annual renewal fee of \$50.00 (members) \$75.00 (non-members) to NAHB.
