Split into 2 manageable 5 hour days, this OSHA class will give you the tools and training you need to work safely, productively, and profitably.

Attendees will be able to:

- Write and maintain an effective safety program
- Understand the relationship between insurance premiums and jobsite safety
- Use Material Safety Data Sheets (MSDS) and hazard communication to properly handle hazardous substances
- Anticipate what to expect from an OSHA inspection, including your rights
- Comply with OSHA standards for hand tools, electrical, personal protective equipment and excavations, thereby avoiding fines

Includes:

- **Fall Protection Class** - Year after year, the #1 reported jobsite accident remains the same - falls. Don't be another statistic.
 - Recognize and reduce fall hazards
 - Effectively use guardrails and harnesses
 - Establish safety procedures for ladder and scaffold use
 - Protect yourself from 3rd party litigation
- **Textbooks:** OSHA Construction Safety and Fall Protection manual & 29 CFR 1926 OSHA Construction Industry Regulations code book.
- **Certificates:** Upon completion, students will receive course completion cards from OSHA Federal, Builders Mutual OSHA & Fall Protection certificates.
- **12 Hours NCBI Accreditation** (AB, AA, ARS)
